This is a strange combination of Dorothy L. Sayers's mysteries. However if you just wanted a good overview of her mysteries this to be a nice set. If you intend to read more skip this strange combination.-----Whose body?From the very beginning of this story we are capture by Sayers' writing style and character sketches. She only gets better from here. It is the interaction and relationship of her characters that make the story come alive.We start off with two mysteries at once. A naked man, wearing sunglasses, is found in someone else's bathtub. Across town an important person goes missing. The local policeman had figured out the relationship already (or has he). He has even nabbed the suspects. Lord Peter (armature sleuth) and friend of Inspector Parker must figure out if one plus one is one or two.-----Murder must advertiseI only saw the movie.Peter Wimsey goes undercover to solve a "Who-dun-it"-----Gaudy NightMy first encounter with Dorothy L. Sayers was the Mobile Mystery Theater series showing on PBS. Unfortunately, I did not realize that my video player was also a recorder until the "Gaudy Night" was on Mystery Theater. In that sense, I was lucky to copy the complete three hour "Gaudy Night." I now own the DVD that came out in 2002.Naturally, the TV media cannot fill in all the details that you would pick up from reading the book, so I read the book. This added more depth and characters to the story. Dorothy not only fleshes her characters out but

her side trips into philosophy and psychology make the story that much more interesting.
