Prisoned: A Dark Twisted Erotic Standalone

Synopsis

When I opened my eyes, I was in a cell, my body covered in bruises. Not a jail. I'd been kidnapped and imprisoned. I wasn't alone. I shared the cell with Garin Woods, the man I'd loved since I was a kid. The man I couldn't be with because of the secret. A man who would kill me if he found out what that secret was. Someone wanted to torture me. Torture us. One of us deserved it. It wasn't Garin. *WARNING* Prisoned is an extremely dark novel. There are strong sexual themes, drug usage, physical abuse and torture that could trigger and/or cause emotional suffering. You have been warned.

Customer Reviews

You know that feeling you get when you've just finished an amazing book? You know the one! While reading you get goose bumps and certain scenes make you literally sit up with anticipation. Where you feel a deep range of emotions that take over your own mind and heart. The author has pulled you into a fictional world you never want to end. You want to go knocking door to door to make sure everyone has heard about this book. I love that feeling and my latest read has shaken my world. Prisoned by Marni Mann has everything you could ever want and then it's completely flipped upside down. It's a dark romance with layers upon layers of depth and hidden agendas.

Everything inside of you is screaming for this couple to make it. Not to mention that their narrative is a second chance love story. I believe our soul mate is revealed only once during our life. Maybe it's a glimpse of a stranger. Maybe it's our best friend. The timing may not always be right. But, when they're shown to us, we know it's them. Then, life happens. We grow. We age. We develop scars. And we remember that glimpse. Some are lucky enough to spend the rest of their lives with that person. Some, like me, have only memories. Kyle (female lead) and Garin are childhood best friends. In a world of poverty and crime they rely on each other (and their other best friend) to survive life in The Heart (the housing project where they grew up). Friends couldn't be any closer than these three. Tragedy is common in the lifestyle in which they were brought up and it's hardship that tears Kyle apart from her childhood friends. But years later another forces Kyle and Garin back together. That's about all I can tell you as far as storyline goes. With these dark twisty reads, the less I tell you the better.

Where do I even begin? This is one of those difficult reviews to write. Not because I'm questioning my thoughts and feels about this book, but because everything about this book was a twisted surprise. That blurb, it's vague and intriguing; it doesn't end with the blurb. From the first chapter of this book my attention was held. A story woven through dual points of view told in past and present tense, as we get pieces to the story of Garin and Kyle. A pair of kids that were two parts of a trio that lived in the slums of New Jersey. Kids that loved each other years ago and had everything ripped away in one night. A night that created a chasm of secrets and lies. Kyle's held on to her secrets for a long time but all of that is about to come to an end when she wakes up in a new prison. This book. Holy shit. Marni Mann takes us on a trip filled with mind-f-ery and a side dish of horror as we fall deep into the rabbit hole of this dark romance. I tried really hard to not try to piece this story together, I wanted to travel the road along with the author. I wanted to let it happen naturally. And I did a good job of that until the end when everything I was thinking was brought into question. The darkness that held a glimmer of light was snuffed out and I had to hold on tight as everything was unraveled and revealed through the remaining scenes of the story. Dark romances are not for all readers, but I think Prisoned might have broken that barrier. There was something about this brand of dark that sort of made me feel safe in my little world where I was watching two adults who had loved each other since they were kids, reunited in the worst of ways and although I should not have been so trusting, I was. I couldn't help it.
