## Customer Reviews

This is one of the books that I have most enjoyed those published by Michael Kelly. Personally, the runes fascinate me, and this book has illustrated me with new knowledge and uses of the runes, the Nordic mythology and its magic. This book can be studied and practiced at the side of Apophis. In fact, its purpose is the same and will give you power that it will be necessary for the proposal of his next book: Draconian Consciousness. I recommend this book for any student of magic, and above all the draconian path.
