Happy Ever After (Bride Quartet Book 4)

Synopsis

Dreams are realized in the final novel in #1 New York Times bestselling author Nora Roberts's Bride Quartet. As the public face of Vows wedding planning company, Parker Brown has an uncanny knack for fulfilling every bride's vision. She just can't see where her own life is headed. A Mechanic Malcom Kavanaugh loves figuring out how things work, and Parker Brown's "with her endless legs" is no exception. But as a good friend of Parker's brother, he knows that moving from minor flirtation to major hook-up is a serious step. No man has rattled Parker in a long time, but the motorcycle-riding, raven-haired Mal seems to have a knack for it. His passionate kisses always catch her off guard, much like her growing feelings for him. Parker's business risks have always paid off, but now she'll have to take the chance of a lifetime with her heart. **Don't miss the other books in the Bride Quartet:** Vision in White, Bed of Roses, Savor the Moment, From the Paperback edition.

Customer Reviews

When I sat down to write this review, I spent time thinking about not only how I felt about this book but also tried to imagine how some other readers with different tastes might feel. Eventually it

became clear to me that we are very likely to see two different types of reviews here, so I'll try to give them both. Pick one depending upon what type of reader you are. Type 1 - Style fit for a fairytale and no holds barred romance. Sigh. If you are an adoring fan of the first three novels in this series and have spent the past month staring at that 4th gorgeous bride cover and waiting, waiting, waiting for that day when Parker Brown puts down her Blackberry and lets the man of her dreams sweep her off her well pedicured Manolo Blahnik encased feet, then wait no longer because your day has come. Like a certain Disney movie, Princess Parker Brown (of the Connecticut Browns) finds herself a true diamond in the rough in Malcom. Underneath all that tiny little insignificant bit of grease and dust Malcolm might collect during the day is a man who is nice to his mom, cares about the literacy levels of his employees, and most importantly of all --- knows nothing says sorry like a new pair of high end designer shoes. For you - Five Stars. Make that Six. Go buy the book and read it because you are gonna love it!!!! Type II - Enough Already! Do people really live like this? Bedroom closets with refrigerators?
